CAREER OBJECTIVES

Computer Science student seeking a software development internship where I can apply my skills in HTML, CSS, JavaScript, Django, and React while gaining hands-on experience building real-world applications.

TECHNICAL SKILLS

Languages: HTML, CSS, Java Script, Python **Frameworks:** Django & Tailwind
Tools: Docker, Git, VS Code

PROJECTS

Home Cooking Blog (1st Year 2023)

- The Food Recipe. The website allows users to browse different food recipes, view ingredients, and follow step-by-step cooking instructions.

Technologies: HTML & CSS

E-Commerce Price Comparison (2nd Year 2024)

- Develop a website about comparison products that help buyers to find cheaper price and good quality products.

Technologies: HTML, CSS, Python, Django

Inventory Management System for Vet Pulse (4th Year 2025)

- The system automates inventory tracking, reduces manual record-keeping, and helps prevent stock shortages and overstocking.

Technologies: HTML, Tailwind, Python, Django, JavaScript, Docker

EDUCATION

(TVL Information and Communications Technology 2020 – Senior High)

PHINMA-St. Jude College Dasmariñas Cavite

(Bachelor of Science in Computer Science 2022 - College Present)

PHINMA-St. Jude College Dasmariñas Cavite (Dean’s Lister 1st – 4th Year)

CERTIFICATIONS

- Python Essentials 1 Cisco Networking Academy 2024
- Digital Safety and Security Awareness Cisco Networking Academy 2025

I hereby certify that the above information is true and correct to the best of my knowledge and belief.
